

# Call For Papers

2016 AAPG Southwest Section Convention

Technical Sessions – April 11 & 12, 2016

Abilene, Texas

*Hosted by the Abilene Geological Society*

## **SOUTHWEST STRATEGIES – STAY THE COURSE**

The SW Section AAPG is issuing a **Call For Papers** for the 2016 convention. We welcome any and all topics related to the petroleum geology of Texas, southeastern New Mexico, southern Mid-Continent, and frontier exploration areas. We invite presentations regarding both conventional and unconventional plays, including play studies, field studies, reservoir studies, “sweet-spot” recognition, well log evaluation, and seismic interpretation. Related topics include groundwater issues, fluid sources, as well as petrophysical, geophysical, and geochemical applications.

Students are encouraged to deliver oral or poster presentations. Travel support is available for student presenters.

Notification of intent to present a convention talk or poster session is due by **March 1, 2016**, with the printing deadline for abstract submittal as March 15, 2016.
